Re-cession of C & M Station Posts & Telegraphs

Letter No. R7 500 A-45/8 29.11.45 from the Secy to the Resident- States that the Posts & Telegraphs dept have asked for a portion of about 7½ acres in extent in the Residency Area adjoining the General Post-Office Bungalow as it is required by them for Constructing buildings for their post-war arrangements in Bangalore.

1. It is stated that the Resident has no objection to making over the land to the Posts & Telegraphs dept of the Govt of India for the purpose and that the land will be retained even after re-cession of C & M Station, since it is within the Residency area. Formal agreement of the Govt of Mysore is asked for, as the land is proposed to be made over for the use of the Central Govt.

2. Submitted for orders with regard to the proposal.

arrangements with Bangalore. The plot in question is in the Residency area and will be retained as such on retrocession. The Residency have no objections to spare this land and they are of opinion that the formal agreement of the Mysore Govt. is necessary as its future use will be by a Department of the Govt. of India.

5 An area as large as 7 1/2 acres is stated to be required for the construction of accommodation required for the Post & Telegraphs Department's post war arrangements in Bangalore. This area is adjacent to the General Post Office and now forms part of the Residency, and the Hon'ble the Resident has no objection to making over the land to the P. & T. Dept i.e the Central Govt.

6 In this connection, three points would seem to arise for consideration

(1) Whether we need object to the transfer of the land to the P & T Dept. for that purpose.

(2) Question of Jurisdiction

(3) Cost.

7 Re: (1), the land is now included in the Residency, and no inconvenience will result from the transfer of the bit to the P & T. Dept.

in Connection with Retrocession, the P & T. offices remain within our jurisdiction (a separate telephone exchange being built for the Cantonment in Military land), and if the area of the P & T. offices is to be extended there appears to be no reason why jurisdiction over this area also should not be transferred to this Govt. There are several Posts & Telegraph offices in various parts of the State in our jurisdiction. So long as it continued part of the Residency it was agreed to be "retained" but since the Resident can release it for other purposes it may cease to be part of Residency (and so retained area) as such. The exact significance of the following sentence in Resy letter is not clear

Vide Agreement H. F. Also map of Retrocession boundary put up

"The land would be retained on retrocession in any case since it is within the Residency Area; but since its use in this way would be by the Central Govt & not by the Resy, the formal agreement of Mysore Govt. would appear necessary".

I submit for the gracious perusal of His Highness a letter dated 29th November 1945 received from the Residency requesting the formal consent of this Government to the transfer of a portion of the Residency Grounds (about 7.5 acres) adjoining the General Post Office, Bangalore, to the Posts and Telegraphs Department for the construction of additional accommodation required for the post-war arrangements of that department in Bangalore.

The Hon'ble the Resident has no objection to spare this land from the Residency area for the use of the Posts and Telegraphs Department. In paragraph 2 of the letter, it is, however, mentioned that "the land would be retained under retrocession in any case since it is within the Residency area". From this, it is not clear whether even after this bit of land is made over to the Posts and Telegraphs Department, it is proposed that it should continue to be included under the retained area.

According to the terms of agreement reached in connection with the retrocession proposals, the present Posts and Telegraphs Offices will be included in the area to be retroceded and as the piece of land now proposed to be made over will be used for additional accommodation required for the Posts and Telegraphs Offices, it is only right that this land also should be included in the retroceded area.

While agreeing to the proposed transfer of the land to the Posts and Telegraphs Department, it is proposed to ask for clarification of the above points.

The draft of a letter proposed to the Residency is put up for gracious approval.

Posts & Telegraphs Department's request for a portion of the Residency grounds

Sir,

I am directed to state that the Posts & Telegraphs Department have asked for a portion of the Residency grounds (about 7.5 acres) adjoining the General Post Office Bangalore. A sketch showing the piece of land required is enclosed: it may kindly be returned in due course. The land is wanted for the construction of accommodation required for the Posts & Telegraphs Department's post war arrangements in Bangalore

2. The Hon'ble the Resident has no objection to making over this piece of land to the Posts & Telegraphs Department. The land would be retained on retrocession in any case, since it is within the Residency Area; but since its use in this way would be by the Central Government and not by the Residency, the formal agreement of Mysore Government would appear necessary. I am to request that this formal agreement may kindly be communicated at a very early date.

This may be kindly confirmed. As there are already many post & telegraph offices of the Govt of Victoria within State limits and working quite satisfactorily there seems to be no special reason why any kind of difference should be made in respect of the contemplated offices in the event of retrocession.
